Chenango Forks Pre-K and Kindergarten Pre-Registration for 2021-2022

Welcome to the Chenango Forks Central School District. The Early Childhood Education Program at Chenango Forks is child centered. We believe that all children do not develop at the same rate or learn in the same manner. We pride ourselves on having a professional and supportive staff dedicated to providing curriculum and support services to meet the individual needs of each child.

In Pre-Kindergarten and Kindergarten, we strive to meet each child's individual educational requirements. It is important to understand that not all children are eligible for each program listed here.

Pre-Kindergarten and Kindergarten Registration Process:

- ***Our Pre-Kindergarten program is available to children who will be four years of age before December 1, 2021.*** The program length is half-day, with morning and afternoon sessions available. It is important to note that availability of the Pre-K program is dependent upon funding from NYS.
- ***Kindergarten is available to children who will be five years of age before December 1, 2021.*** If a child turns six years old on or before December 1, 2021, he/she must be in attendance by September of 2021. The children in the Kindergarten program are provided various opportunities to interact socially and learn readiness skills in reading, mathematics, science, and social studies. Opportunities are also provided in art, music, physical education, computers, and library.

To enroll your child to be considered for the Pre-Kindergarten or Kindergarten, please complete the following steps:
